

He's Arising From His Throne

Words and Music By Darrell Aikens

Verse 1:

E
Can you see the signs around - prophecies of old are now
B E
He's whispering - prepare your households
E
Can you see disease and strife - nations fighting for their rights
B E
He's whispering - prepare your households
E
Some are teaching wrong is right; lands are fighting for their rights
B E
He's whispering - prepare your households

Chorus:

A B E
The earth is shaking, the heavens trembling; the sun and moon grow dark
A B E
The star that once meant life will no longer shine that night
A B E
For he's arising from his throne, coming to take us home
A B E
The time we have we must prepare our households

Verse 2:

E
Purity we must achieve, then the power we'll receive
B E
To see the lost hear his whisperings
E
Never ceasing to believe - prayer and fasting we will need
B E
To see the lost hear his whisperings

Bridge:

B E
Will we see the lost hear his whisperings
B E
Will we open our eyes and see his whisperings
